Effectiveness of the novel ergoline CQA 206-291 in previously untreated patients with Parkinson's disease

In:

## **Parkinson's Disease: Anatomy, Pathology, and Therapy. Volume 53: Advances in Neurology**

**Parkinson's disease: anatomy, pathology and therapy. Ninth International Symposium on Parkinson's Disease. Jerusalem, Israel, June 5-9, 1988. Proceedings.**

### **Abstract**

Papers originally presented at a symposium held in June 1988: normal and abnormal structures; neurochemistry; pharmacology; neurophysiology; toxicology; clinical presentations and problems; therapy, side effects, and therapeutic research.

Not a coherent and sequential text; will be useful mainly to clinical investigators in this field.
