**Datum:** 16.05.2019, 11:34

**An:** neurologiacroatica@kbc-zagreb.hr

Dear Ladies and Gentlemen,

In volume 49 (Suppl 2) of 2000 your journal published proceedings and/or abstracts of the 40th International Neuropsychiatric Pula Symposium. Prof. Gerstenbrand was attending this conference, especially at the international training course for clinical investigators in psychiatry and neurology as well as the joint meeting of Alps-Adria and Danube symposia. Unfortunately we are missing a print out of his lecture/speeches.

Would it be possible to get this from your archive? Any help from your side will be greatly appreciated.

Best regards,

Silvia Kohl for Prof. Gerstenbrand
